## The Difference

Between a DOLLAR SAVED and a DOLLAR SPENT is just two dollars. Did it ever occur to you that way? It's worth thinking about.

Another difference is the feeling you have afterwards. The DOLLAR SAVED gives you a feeling of real pleasure—it may call for a little sacrifice for the time being, but afterwards you feel better for having denied yourself.

That is the nice thing about having money in the bank—you have saved it, it is all yours—you can have it when you wish.

We pay four per cent interest on time certificates and furnish neat pass books and check books free of charge to persons who deposit subject to check.

Your business solicited, appreciated and protected.

## Boys—Young Men,— Attention!

In the work of superintending the Boys' Corn-growing Contest work of this county we are asking every boy between the ages of 10 and 20 years to enroll in this contest. And, knowing it to be a good thing for a farmer boy, we urge every boy in this county to send in his name and age and to select a piece of land and get ready to plant it in corn. There will be valuable prizes offered by the banks and business men of this county; besides, the Frisco Railroad has offered a hundred-dollar scholarship to the young man over 16 years of age, or to any man in this county, who will exhibit the best ten ears of corn at the next show, which will be held in October. This sum of money will pay the entire expenses of a student for the four months' winter course in Agriculture beginning Nov. 1, 1910.

A few words regarding the seed: I would advise every boy who enters this contest to get his seed corn as near home as possible, if you can secure good seed. But if you cannot get the seed that suits you, send in your name and age, stating the kind of corn you want, and I will get it for you without any cost to you. And in order to secure this seed in time for planting, your name should come in at once; and when I get the seed from the College of Agriculture I will leave it in care of John G. Putz, Jackson, Mo., and will give you notice through the county papers when you can get it. And now, boys, as the time to plant will soon come, get busy and let us have a large list of boys' names this year.

Yours truly,  
B. F. SIDES,  
Supt. Contest Work.  
Jackson, Mo.
